

SHEEP MUSTER AND WORKING DOG SHOW

See the mustering of the sheep in wide-open paddocks, requiring patience and skill of the stockman and the sheepdogs. The sheep are mustered and moved to the stockyards for in preparation for shearing. Watch the agility of the working dogs carefully applying their trade as they focus on the instructions from the stockman. Take that action photo of the dogs flying over, around and amongst the sheep as they move to their designated pens.

Learn about the history of sheep in Australia together with best practice animal husbandry for the wellbeing of sheep during the wool growing and harvesting process.

After the show, it's hands-on with close encounters and hand-feeding friendly sheep.
